

Survey on Potatoes

Distribution of the 2024 Harvest

About the survey

The objective of the *Survey on Potatoes* is to draw an accurate portrait and monitor the evolution of the potato industry in Québec.

Confidentiality

Your company has been selected to participate in this survey. You are required to participate because this survey is mandatory as per the *Act respecting the Institut de la statistique du Québec* (c. I-13.011). The information must be sent to the ISQ as requested in this questionnaire.

The Institut de la statistique du Québec entered into an agreement for sharing information with Statistics Canada to avoid duplicating surveys. The federal *Statistics Act* contains the same provisions as the *Act respecting the Institut de la statistique du Québec* in terms of privacy, which means that the information you provide will be kept confidential and will be used for statistical purposes only.

For quality and training purposes, phone conversations with the ISQ employees are recorded. If you do not want your conversation to be recorded, please notify the employee at the beginning of the call.

Instructions

Our records indicate that you were a potato grower in 2024.

- ▶ The questionnaire must be completed on behalf of the agricultural enterprise identified above. Please enter any changes to the enterprise's contact information in section 1 – Change of address.
