

Survey of Workplace Training Practices in Québec in 2023

November 2024

Greetings,

Your organization is being asked to participate in the *Survey of Workplace Training Practices in Québec in 2023* conducted by the Institut de la statistique du Québec (ISQ) on behalf of Ministère de l'Emploi et de la Solidarité sociale (MESS) and the Commission des partenaires du marché du travail (CPMT). The purpose of this survey is to collect data on job-related training in Québec and to identify actions that will help promote skills development and recognition.

Given the importance of the survey results, the participation of your organization is **mandatory** in accordance with the *Act respecting the Institut de la statistique du Québec* (CQLR, chapter I-13.011).*

To participate in the survey, you must complete the online questionnaire within the **next two weeks** by following the instructions in the email you received.

To learn more about this survey or request assistance, please contact us. Further information is also available on our website at statistique.quebec.ca.

The ISQ has entered into an agreement with the MESS and the CPMT, to whom the data collected will be sent (except for your organization's name and contact information) unless we receive a written notice of refusal from you by February 28, 2025. Rest assured that your answers will be kept **confidential** and will only be used for statistical purposes. This is guaranteed under the *Act respecting the Institut de la statistique du Québec*.

Thank you for your cooperation. By participating in this survey, you are helping us produce high-quality Québec statistics.

Sincerely,

Simon Bergeron
Chief Statistician

* Under this Act, any person receiving a request for information from the Institut de la statistique du Québec to which a reply is mandatory must provide the information requested by the prescribed deadline and in the prescribed format.
