

Survey on Recruitment, Employment and Training Needs in Québec in 2021-2022

May 2023

Dear Madam or Sir,

Your organization is being asked to participate in the *Survey on Recruitment, Employment and Training Needs in Québec in 2021-2022* conducted by the Institut de la statistique du Québec (Statistique Québec) on behalf of the Ministère de l'Emploi et de la Solidarité sociale (MESS). The objective of this survey is to collect accurate data on current workforce needs. This information will allow various labour market partners to adapt programs and services in order to strengthen the match between labour supply and demand by occupation, both at the provincial and regional levels.

Given the importance of the survey results, your participation is **mandatory**, as set out in the *Act respecting the Institut de la statistique du Québec* (CQLR, chapter I-13.011).*

To participate in the survey, you must complete the online questionnaire within the next **two weeks** by following the instructions in the e-mail you received.

If you would like more information about the survey or if you require assistance, please get in touch with Statistique Québec using the contact information provided below. You can find additional information on our website (statistique.quebec.ca) under the "Surveys" tab.

Statistique Québec entered into an agreement with the MESS, to whom the collected information will be sent (except for your company's name and contact information) unless you notify us in writing before June 30, 2023. Rest assured that your information will be kept **confidential** and will only be used for statistical purposes.

Thank you for your cooperation. By participating in this survey, you are contributing to the production of quality Québec statistics.

Sincerely,

Simon Bergeron
Chief Statistician

* Under this Act, any person receiving a request for information to which a reply is mandatory must provide the information requested by the prescribed deadline and in the prescribed format.
