1. Includes persons who held paid employment or were self-employed during the week preceding the census. However, workers without any fixed workplace address are not taken into account in the table. The data on employed persons were compiled based on usual place of residence.

2. According to the geographic divisions in force on December 31, 2006.

3. Refers to the total number of persons residing in an RCM or ET of the Gaspésie-Îles-de-la-Madeleine and who hold employment in or outside it.

4. Refers to the persons who work in the RCM or ET, wherever their place of residence.

5. Refers to the result obtained by subtracting the number of employed persons in an RCM or ET from the number of jobs therein. A negative result means that the RCM or ET is a net exporter of manpower. However a positive result means that the RCM or ET is a net importer of manpower.
