

Growing Up in Québec

2025

Dear parent(s),

The new data collection for *Growing Up in Québec* is coming up soon!

This year, your child will be completing his/her first questionnaire in addition to doing the activities with the interviewer. We will be calling you shortly to schedule an appointment for an interview. You can choose between two options:

1. We can meet with your child at school and do the interview with you remotely, either by phone or video conference.
2. We can go to your home to do both the activities with your child and the interview with you.

Consent form

Enclosed with this letter is a consent form. Please read it, and if you have any questions, we will answer them when we call you to schedule an appointment. You can then sign the form and mail it back to us using the prepaid envelope provided.

Personalized souvenir gift

To thank you for your commitment, we are happy to offer you a small, personalized souvenir of your child when he/she was a baby. It is enclosed with this letter along with a little note for your child.
